Salary Survey 2019

Bond is a specialist recruitment consultancy operating across the UK, Republic of Ireland and Northern Ireland. Established in 2003, we have won multiple industry awards from the 'Best New Recruitment Company' in the UK to being named 'NI Recruitment Agency of the Year' on consecutive occasions.

We work to the highest professional and ethical standards and operate a strictly confidential service to our candidates and clients.

We work with clients of all sizes from FTSE 100 and Fortune 500 multi-nationals to sole traders, SME's, professional practices and public sector bodies. Our 2018 Salary Guide has been compiled using salary information gained from the many thousands of candidates on the

Bond database, candidate job offers throughout 2018, and direct input from employers across the region.

Salary levels relate to basic salaries and do not include benefits, bonuses or any additional employment costs. Typically salary levels at the "low" end of the scale reflect salaries with smaller employers in regional locations. Salaries at the higher end of the range will generally be with larger employers in Belfast and Dublin. The information is intended for guidance but if you require more bespoke salary advice please do not hesitate to contact us.
